Introduction

The Macon R-1 School District started the process of developing its three-year Continuous School Improvement Plan (CSIP) during the 2022-23 school year. The district established a planning committee in October and began work in November. The planning committee was composed of participants including; parents, students, teachers, and district representatives. Dr. Brent Hodge, Superintendent, served as the facilitator for the planning process. During the period of November 2022 through December 2022, the planning committee met, formed subgroups, reviewed the information, and determined the areas that needed to be included in Macon R-1's Continuous School Improvement Plan.

Utilization

The Macon R-1 Administrative Team will use the CSIP as a strategic plan, guiding our future. The plan identifies long-range goals for district-wide improvement as well as specific action steps to be taken to achieve those goals.

Monitoring and Adjusting

The CSIP will be evaluated monthly by the Macon R-1 Administration and the Board of Education. As action items and goals are met, the plan will be adjusted accordingly. Stakeholders will annually be provided updates to ensure input and review of the CSIP.

Missouri School Improvement Program

The sixth cycle of the Missouri School Improvement Program (MSIP) is focused on the continuous improvement of all schools, the preparation of each student for life beyond high school, and promoting practices that lead to healthy school systems. MSIP intends to look closely at what districts are doing to implement effective practices and sustain improvements while increasing the focus on individual student growth.

MACON COUNTY R-1

Home of the Tigers

MISSION

The mission of the Macon R-1 School District is to create an educational standard of excellence for our community while impacting our future—**one student at a time**.

VISION

Macon County R-1 will be the model of excellence by preparing and empowering students to meaningfully contribute to our future.

BELIEFS
